Is dagon a demon

I'll be there, right by his side, to nurture him, love him, to help him to... kill everything. You know, like a mother should. - Dagon, 12.19 The Future History Dagon was a Prince of Hell, one of the oldest of the old demons created by Lucifer himself after the creation of Lilith, and before the sinking of Atlantis. Dagon was created to lead the demonic army against the forces of Heaven, at some point in time Dagon and her siblings Asmodeus and Ramiel abdicated their rank in Hell and took to living quiet lives on Earth, with the demon hierarchy spreading the rumor that the Princes of Hell were all killed off to keep anyone from searching for them. Characteristics Dagon had yellow irises, no visible pupils, and white sclerae. Ramiel stated that after they left Hell, she occupied herself with "her toys," though it is left unclear what he was referring to. According to Castiel, Dagon was known mostly for her penchant for psychotic savagery. Although Dagon lacked Azazel's religious devotion and faith in Lucifer, she began working for him again after he promised that she would rule alongside him and teach his Nephilim son. It was inferred by Dagon that being in Lucifer's favor, that she was given more powers from him. Like Azazel before her, Dagon's presence caused lightning storms. Powers and abilities Combustion - With a touch of her hand, Dagon was capable of generating enough heat to cause spontaneous combustion, even in angels. Electromagnetic interference - Dagon's presence could cause power to fluctuate, having fried cameras in the area where she killed two angels. Mind control - Dagon was able to force Kelly Kline's doctor to ignore an abnormality in Kelly's sonogram, forcing him to tell her "everything looks a-okay." Telekinesis - Dagon showed the ability to send multiple people flying through the air and to the ground with a gesture. Electrokinesis - Dagon was able to send an intense electrical charge through the angel Kelvin. Pyrokinesis - Dagon was capable of generating enough heat in her hands to destroy the Colt. Superhuman strength and durability - As a Prince of Hell, Dagon's strength and durability exceeded that of even regular demons. Teleportation - Dagon, like Azazel, was shown to be able to teleport fast enough to dodge a bullet from the Colt. Weather manipulation - Dagon's arrival in an area could cause strong winds and lighting strikes. Weaknesses Archangels - Lucifer was able to send an intense psychic scream to Dagon over a vast distance, causing her great pain. The Colt - Like Azazel, the Colt was capable of killing Dagon. Nephilim - With the Nephilim Jack Kline's power coursing through him, Castiel was able to burn Dagon to cinders, killing her. Episodes 12.13 Family Feud When Kelly Kline is cornered by two angels in an alley preparing to kill her and her unborn child, Dagon suddenly appears and tells the angels to get away from her. The male angel advances on Dagon, who stops him from stabbing her and swiftly kills him by exploding him into dust. The female angel attempts to move on Kelly, but is stopped when Dagon teleports to her and explodes her into dust as well. Afterwards she tells a shocked and rattled Kelly to come with her if she wants to live. The next day, in a warehouse, Dagon explains to a still shocked Kelly that she is a demon and those were angels that were attempting to kill her. She also explains that Lucifer was an archangel and God's favorite, and that no one is born evil. She tells her that her child could grow up and save everyone. 12.15 Somewhere Between Heaven and Hell Castiel goes on an interview with Herb Nelson, a conspiracy theorist who believes in reptilians and the utilization of pre-1996 technology and who owns the diner near where the two angels had been killed by Dagon. He shows Castiel footage of Kelly Kline hiding from a pair of angels and Dagon appearing and preparing to attack before the camera got fried. They both notice her yellow eyes flashing before she attacks, which Herb attributes to her being a reptilian. Later, Castiel informs Sam and Dean of Kelly's previous location in Coeur d'Alene, Idaho, and her newfound guardian in Dagon. He tells them that he's only heard stories and rumors about her, most notably the rumor of her penchant for psychotic savagery. 12.17 The British Invasion As Dagon is preparing a sandwich for Kelly, Lucifer reaches out to her to confirm that Kelly and his son are being well protected; he tells Dagon not to fail him again. When Kelly begins getting strange pains, she demands Dagon to take her to see a doctor. While getting a sonogram, the doctor appears to notice something strange, but is psychically compelled by Dagon to tell Kelly that "everything looks a-okay." Later, while Dagon is out getting supplies for Kelly, Kelly is found and taken by Dean Winchester who takes her to meet with Sam, Eileen Leahy, Mick Davies, and Renny Rawlings. Soon after arriving, a sudden lightning storm occurs, and Dagon appears out of thin air and sends everyone flying with telekinesis. As Dagon begins advancing on Kelly, Dean and Mick attempt to slow her down by shooting her, to no avail. She grabs Kelly and begins walking away. When Eileen grabs the Colt and fires it, Dagon disappears along with Kelly, causing the bullet to miss her and hit Renny in the chest, killing him. Back at a safe house, Dagon handcuffs Kelly to the bed, telling her she can't be trusted. When Kelly tries to explain she was worried for the health of her child, Dagon tells her she doesn't need to worry, as the baby is strong and will be fine no matter what, but she will not. She tells Kelly that birthing a Nephilim is always fatal for the mother. 12.19 The Future Kelly is seen in the basement of the safe house refusing to take care of herself, to the point where Dagon has to force her pills into Kelly's mouth. Dagon tells her what she will do with the baby before she unchains her and tells her to take a bath. Kelly tries to kill herself by cutting her wrists, but the Nephilim is able to keep her alive. After Dagon discovers what happened, Kelly tells her that her baby is not evil, but Dagon replies that the baby saved her to save himself and that the outcome where he will be born and she will die hasn't changed. After Joshua tracks Dagon down, Castiel, Kelvin, and Hozai infiltrate the house to retrieve Kelly and her baby. Castiel is able to escape with Kelly while Kelvin is captured by Dagon and Hozai is killed. Lucifer calls her to check in on his son, but Dagon has to tell him what happened, which infuriates him. She is forced to kneel in pain from his enraged scream. Lucifer promises to make her suffer if she fails to locate and retrieve Kelly. She promises to find them and goes on to torture Kelvin to find Castiel and Kelly; he points her to Heaven's Gate right before she kills him. Castiel and Kelly reach the gate before Joshua. When Joshua arrives, Dagon materializes behind him and kills him. While she attacks Castiel, Sam and Dean try to buy them time to escape but she is able to overpower them, taking the Colt and using her power to melt it in her hand, severely damaging the gun. She goes to kill Castiel, but he takes Kelly's hand and is unknowingly imbued with the Nephilim's power and is able to block Dagon's attack, leaving her confused as to how he could have done that. Castiel responds with "call it a miracle" and grabs Dagon, causing her to spontaneously combust, killing her. 13.01 Lost and Found When asked what he remembers, a confused Jack experiences a flashback of Dagon's death and states that he remembers "when the bad woman burned." Trivia Dagon's protection of the pregnant Kelly Kline is a reference to the fact that Dagon was believed to have been worshiped as a fertility god. Dagon in Lore Dagon, or Dagan, is a deity of Mesopotamian, Assyro-Babylonian, and Levantine origin and is described as the god of the Philistines in the Hebrew Bible. Dagon is also the name of a short story written by H.P. Lovecraft where he is depicted as the ancient Philistine Fish-God and one of the "Great Old Ones". External References References An overview of the false god. Dagon in the Bible. If you have been around Think About Such Things you might be scratching your head a little on why I would want to write about Dagon. I mean why write on a false god in the Bible? To be honest this isn't a topic I enjoy especially compared to others like angels, or symbolism. But as I have grown as a Christian and study His word. I realize I miss a lot of things because I don't understand or know certain stuff. Learning about the gods and people that the Israelites dealt with really helps us understand the stories we read in the Bible. For example, Baal was known as the god that controlled weather like rain, and sun. This makes the story of Elijah challenging the prophets of Baal come alive! When Elijah prayed for rain and it came it was showing the Yahweh was the one true God, not Baal. (1 Kings 18-19) Our God is awesome! So, you can see that there is a benefit of knowing who these false deities and idols were. With that said...let's dive in. Dagon in the Bible: The Fish God When I was studying on the topic of Samson in the Bible and the topic of mermaids on the Bible and the Biblical meaning of mermaids in dream. This is when I stumbled upon Dagon. Dagon was often depicted as having the torso of a man and a tail of a fish. Yup, a merman. Here are a couple of pictures. A depiction of the god Dagon - half man half fish (Image Source) This image was found on a Assyrian Cylinder. (Image Source) He was chiefly known as a god of fertility and reproductive power. Fish can multiply at quick rates. For example, the gray grouper can produce 340 million eggs in one season. That's insane! What Does Dagon Mean? Many historians have said that the Hebrew dialect of that time shows that the root word for dag means fish and the whole word Dagon or Dagon was a term of endearment... "little fish." Not to be confused with being little as small or insignificant but like "my dear little fish." A term of affection. But other experts in ancient language believe the name is related to the word, grain. When looking at the Strongs Concordance you get the basic idea of a fish. STRONG'S CONCORDANCE: Dagon = "a fish" a Philistine deity of fertility; represented with the face and hands of a man and the tail of a fish דָּגֹן Dāgōn, daw-gohn', from H1709; the fish-god; Dagon, a Philistine deity.—Dagon. Who Worshiped Dagon? In scripture, we see that each time that Dagon is mentioned he is worshiped by the Philistine people. Dagon was considered their chief god. The Philistines lived on the south coast of Canaan. Being a coastal people the sea was very important to them and relied on it as a source of food. But interesting enough you see the god Baal more than Dagon. In Canaanite texts, Baal is sometimes mentioned as "The son of Dagon." So, there is some relationship between the two. Dagon was known to be worshiped even up to the time of Christ. And we even see reference a Dagon temple in the aprochyla book of 1 Maccabees. Other Similar False Deities Many Historians believe Dagon was the first mention of a mermaid type figure in antiquity. And many other nationalities took on similar idols and many of them encompass the idea of fertility. It is also said that Dagon is connected with the zodiac sign Pisces. These other pagan deities are not mentioned in scripture. The ancient Babylonians believed that Oannes came out of the Erythrean Sea (the Red Sea) and came to teach them wisdom. Dagon Bible Verses There are only two accounts of in scripture that mention Dagon. And both of them are pretty epic. I love how God shows off His power and majesty in both accounts! The First Account: Samson and Dagon Judges 16 The first time we hear of Dagon is in the story of Samson. When Samson is captured it says the Philistines worshiped and praised Dagon... Now the lords of the Philistines gathered together to offer a great sacrifice to Dagon their god, and to rejoice. And they said: "Our god has delivered into our hands Samson our enemy!" - Judges 16:23 But later in the chapter we see that they call for Samson to mock and gloat over their victory. But Samson cried out to the Lord and the Lord answered his prayer. God had the last laugh and showed the Philistines that Dagon was no match for Him! I also find it interesting that Samson's weakness with women especially philistine women. And the god they are worshiping is a fertility god. I would not be surprised if these women were influenced by this evil and perverted spirit to tempt Samson. The Second Account: The Ark of the Covenant and Dagon 1 Samuel 5 I personally love this story so much. In chapter 5 of 1 Samuel you read the account of when the philistines captured the Ark of the Covenant and placed it next to Dagon in his temple. The next morning Dagon's statue had toppled over. The Philistines put it back up and the following day it fell over again breaking off its head and arms. The head representing his authority and his arms representing his ability or power. God made it CRYSTAL CLEAR that Dagon had neither! Then to top it off the Philistines were stricken with tumors. In the King James Version and the Septuagint, it states that these tumors were on their private parts...ouch! And it was so, that, after they had carried it about, the hand of the Lord was against the city with a very great destruction: and he smote the men of the city, both small and great, and they had emerods in their secret parts. - 1 Samuel 5:9 KJV Dagon being a "fertility" god could not protect his people and God once again showed He was master over that as well! Some Key Points Here are some quick key points about Dagon in the Bible. Dagon was half man and half fish (fish god)Dagon was worshipped by the Philistines There are only two stories in the Bible about Dagon.Dagon is no match for God. Dagon is a false god and idol. On a spiritual level, Dagon is a demonic/evil spirit. Well, I hope you have enjoyed this Bible study on Dagon and that you learned something. But most of all I hope it stirred your hunger to go after God more! Also, feel free to leave me a comment below. I would love to hear from you.
